

TX4000 4 CHANNEL MIC/LINE MIXER

COMPACT PREAMP MIC/LINE MIXER

A four channel mixer with two mic/line and two aux inputs, which is rack mountable or self contained. The TX4000 is ideally suited for any sound reinforcement application. It will comfortably drive up to ten booster amplifiers and can be located remotely from the amplifiers if desired.

Features:

- Low profile table or rack mounting
- Tape recording output
- Provision for plug in muting (mic precedence)
- XLR Switchcraft mic sockets, RCA line sockets
- Mic/line inputs transformer balanced
- LED level indicators
- Active balanced output 1.5 VDC
- 240 VAC or 24 VDC power sources
- Phantom powered (DC) for electret, at mic socket

Technical Specifications:

MIC INPUT SENSITIVITY	.65 MV 200 ohms transformer balanced
LINE INPUT SENSITIVITY	50 MV 22 K ohms
AUX INPUT SENSITIVITY	100 MV 10 K ohms
FREQUENCY RESPONSE	50 Hz to 20KHz -3 dB
SIGNAL TO NOISE	-77 dBm with respect to 1 MV at 1 KHz
OUTPUT	1.5 V active balanced XLR socket + RCA rec out
DISTORTION	0.06% THD
OPERATING VOLTAGE	240 VAC, 24 VDC
DIMENSIONS	482 W x 250 D x 44 H mm
PHANTOM POWER	1.5 VDC at mic socket
WEIGHT	2.1 Kg
