

Australian Monitor
INSTALLATION SERIES

FS-5

Flat Speaker

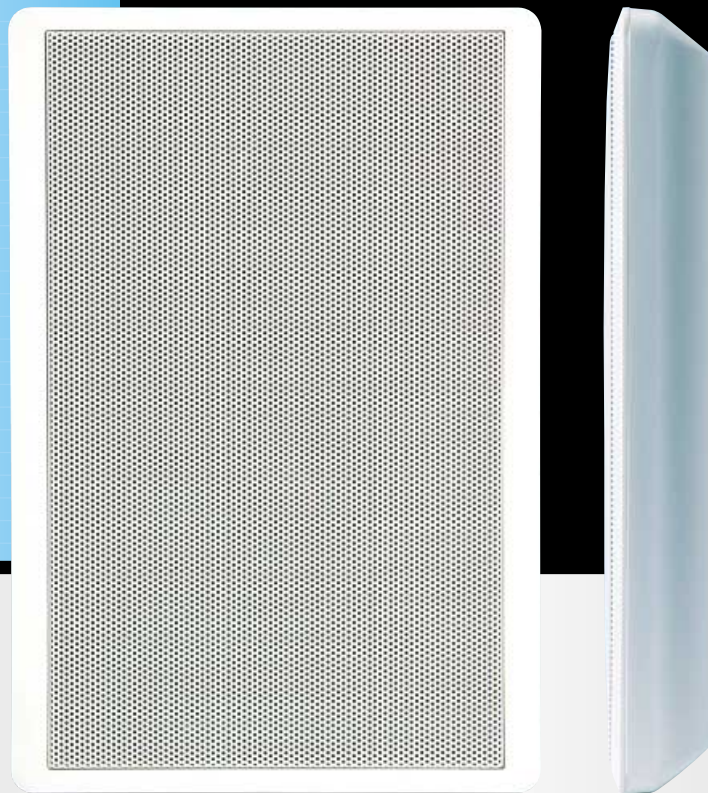

Description

The Australian Monitor Installation Series (AMIS) FS-5 is a very unique and clever speaker enclosure. Just 3.7cm deep, the FS-5 provides a great alternative to In-Wall Speakers in situations where it is not possible to cut holes in the wall. The AMIS FS-5 consists of a 5" woofer and a dome tweeter. This unique design sees the magnet and voice coil of the woofer in the front cone section of the speaker rather than behind the cone. This is how the FS-5's amazingly shallow depth.

Ideal for boardrooms, restaurants and conference centres, the FS-5 also features: magnetic shielding, keyhole mounting, cable groove to run speaker cable and maintain the FS-5 flush to the wall and push terminals for quick installation.

Specifications

Components	5" woofer and tweeter
Power Rating	20W
Impedance	8 Ohms
Frequency Response	120Hz - 18kHz
Sensitivity (1W/1m)	89dB
Max SPL (at 1m)	99dB
Dimensions (mm)	256 H x 158 W x 37 D
Weight	1.86kg
