

END OF LIFE ANNOUNCEMENT:

AUSTRALIAN MONITOR DMA1
Friday, March 21, 2014

Please be advised that the Australian Digital Message Announcer DMA-1 (and all relevant versions) has been discontinued internationally. We have completed sale of remaining stock and the product is no longer available

Customers with remaining Back Orders or Hold Stock will be contacted and arrangement for alternatives made

Our on-going warranty and support will now enter a closing phase. While warranty will remain unaffected, our service department will continue with repairs only. As new product is no longer available, replacement is not a viable option

Please ensure that any warranty claims are clearly marked and accompanied with the appropriate documentation which can be found at www.australianmonitor.com.au

It is anticipated that future models will be developed to carry the functions of the DMA-1, but these are not available to market at this time. For more information, please contact your local distributor of Australian Monitor products.

Yours sincerely,

Stephen Peereboom | Brand Manager
